## Vonda Vines

Vonda's love for painting began in 1994 when she took her first oil painting lessons from art teacher, Allie Graves, with whom she studied five years. In 2007 Vonda studied with Betty Horne, a 40 year teacher of art who took her through a series of studies of oil, watercolor, pastels, acrylics, scratch art, drawing, clay molding and other areas of art. She has also taken a watercolor course through Rich Mountain Community College, many workshops with accomplished artists and online courses, but her love for oil has not changed. She was awarded artist of the year in 1999 by The Three Rivers Art Guild of which she has been a member since 1996 and has held many offices there including president for two years. Vonda has been a member of Ouachita Artists Gallery since 2013.
