In this abstract workshop students will learn to collage with tissue papers, imitation gold leaf, use pumice and gesso, possibly spackling, and stencils creating interesting textures on which to apply pastels. Found objects as accents like rust pieces, ceramic focal, maybe old jewelry or family collections may be added. This will be a truly experimental class letting your imagination loose! I will provide metal leaf, pumice, surface treatment, glue, and spackling. I will bring a variety of papers to use for collage. Below are the other supplies you will need.

Supplies

- Stiff brush for applying glue or medium for collaging (cheap small painters brush from hardware store)
- If you have a hard brayer, it might come in handy
- Small mixing cups or plastic bathroom disposable drinking cups

- Brushes for applying paint and gesso (cheap utility brushes not good ones)
- Hair dryer
